Both exhibitors and contractors are to comply with building regulations, government rules & regulations, and regulations laid down by the venue and the Organiser.

- 1) A full set of detailed design drawings must be submitted to the Organiser for approval, including approval by the venue. Upon approval, the contractor will then be allowed to carry out construction in the exhibition. Any rigging and hanging/suspend ceiling structure must be carried out by the venue and detailed technical drawing with Professional Engineer endorsement must be submitted for approval. Please note that Airspace Charge of S\$300 per sqm will apply. Please refer following pages for Stand Construction Rules & Regulations.
- 2) A Refundable Performance Bond equivalent to S\$50 per sqm is required to be paid based on contracted space, subject to a minimum of S\$500 per stand. Only upon receiving the Performance Bond, the Contractor's Badges will then be issued. The Performance Bond will be returned provided the booth is completed on time, no damages to any part of the hall or booth structure (for shell stand), no painting/glue marks are found on floor and fully compliance to the rules and regulations. Performance Bond will be collected by the Official Contractor, Sunyau.
- 3) All staff and workers working on site must be Singapore citizen or possess a valid employment pass/work permit. In addition, all personnel must observe the Workplace Safety & Health Regulation. Contractor is required to submit Risk Assessment Form and Biz-safe Certification before build-up.

**NOTE: Hall ceiling light will be at 50%. Exhibitors requiring brighter display for their booth will need to incorporate additional lighting.**

## Stand Construction Rules & Regulations

1. **Admission**  
**Trade Show** – Professionals, trade & business visitors only. Minor & members of the general public will not be admitted. The Organiser reserves the right to refuse admission or to remove any person without giving a reason. This also applies to buildup & dismantling periods. For safety reasons, minor below the age of 16 will not be allowed into the exhibition at any time, from buildup upto tear-down periods.  
Buildup & Tear-down –During the build-up and tear-down period where construction is in progress, **proper safety wear must be observed** as per Workplace Safety & Health regulations.  
Exhibitors are to ensure their booth is fully staffed and operational through the show opening hours.
  2. **Promotions during the Exhibition**  
Exhibitors are asked not to place stickers signs or posters anywhere in the hall, other than within their own booth and on paid advertising poster sites and billboards. Likewise, exhibitor's representatives may not distribute brochures invitation, etc along the gangways or near the entrance/exits of exhibition, F&B outlets, activities area, or any other locations which in the opinion of the Organiser, is deemed inappropriate and causes inconvenience to visitors and other exhibitors.
  3. **Product Demonstrations & Presentation**  
Exhibitors should exercise discretion to other exhibitors when carrying out demonstrations and presentations. Loudspeakers/sound devices and/or image projection equipment are to be placed in such a way that sound/image is directed downwards and into the stand, and not towards or across the aisles. The operation of any sound device or image projection must not interfere with, or be an annoyance to neighbouring stands. Sound levels recorded at adjacent or opposite stands should not exceed 70dB from source.  
The Organiser may also require such demonstration or presentation to be carried out in accordance to a timetable as laid down after consultations with the exhibitors involved.  
Exhibitors planning to stage demonstrations or presentations must provide a reasonable space for the audience within the confines of their booth.
  4. **Animals**  
Unless otherwise stated, animals are not allowed to be used as a stand attraction, for performance or demonstration purposes at the exhibition.
  5. **Working Exhibits**  
Moving exhibit/machinery must be fitted with safety devices when it is in operations.  
Working exhibit/machines must be placed at a relatively safe distance from the audience and the use of safety barrier is recommended.  
All pressure vessels or equipment under pressure must conform to the safety standards & regulations.  
No motors, engines, contrivances or power-driven exhibit may be used without adequate protection against risk of fire.
  6. **Hot Work Demonstrations**  
No naked or open flame is allowed at all times
  7. **Dangerous Materials**  
No radioactive substances are allowed unless prior approval in writing is obtained from the Organiser. Any radioactive substances being used must strictly comply with the rules and regulations stipulated by the relevant regulatory body.  
No temporary gas (LPG), explosives, petrol, dangerous gases or highly inflammable substances are allowed in the hall.  
No exposed electrical fittings, fixtures and cables, and faulty appliances are to be used in the exhibition halls at all times.
  8. **Power Supply and Lighting**  
Supply voltage : 3 phase 400 Volts, 50 cycles  
Single phase 230 Volts, 50 cycles  
The following rules must be complied with starting arrangement of motors. All motors must have independent automatic protection against excessive current using one of the following starters.:
    - Up to 5 HP : direct-on-line
    - 5 to 25HP : Star-delta
    - Above 25HP : auto transforms  
All electrical installation work from source of supply at the exhibition must be carried out solely by the Official Contractor.  
  
All electrical equipment and connection downstream from Organiser supply should be tested and appropriately grounded and approved by the Exhibitor's (or Exhibitor's appointed contractor) licensed electrical engineers prior to turning on the electrical supply.  
  
Electrical power trip does happen in the exhibition due to faulty appliances of exhibitors sharing the same circuit within the vicinity. It is imperative that Exhibitors provides UPS for their sensitive exhibits/electrical items/software application to prevent damages.
  9. **Floor Loading Capacity of the Venue**  
The permitted floor loadings stipulated by the venue owner must not be exceeded. On a case-by-case basis subject to the approval of the venue management, special arrangements including the provision of steel base plates may be required for an exhibit exceeding the limits. Any exhibit exceeding 2,000kg or any length over 2.4m, please approach the Organiser and/or the Official Freight Forwarder for specific requirements.
  10. **Security**  
General security will be provided by the Organiser in the exhibition hall. Exhibitors and their staff will not be allowed in the exhibition outside the official hall opening hours without prior approval from the Organiser. Security guards will patrol the hall in general, but their duties will not include specific attention to individual booth. If your displays are valuable or sensitive and you wish to hire security personnel to attend to your stand exclusively, you may not use your own staff or personnel from other security agencies, other than the Official Security Agency.
  11. **Air conditioning** – Air conditioning will operate in the hall during Exhibition Opening Days only. It will not be provided during non-show opening days.

## Stand Construction RULES & REGULATIONS – Continued...

12. **Building Regulations**  
Exhibitors and contractors involved in booth construction must comply with the local building regulations. All materials used in the booth construction must be fire retardant in accordance with local regulations
13. **Official Stand Contractor and Freight Forwarder**  
The Organiser has appointed Official Contractor and Freight Forwarder for various services so as to ensure a more efficient, safe and regulated buildup and dismantling. The services of the Official Contractor & Freight Forwarder are for the convenience of the Exhibitors, and the Organiser will accept no liability in respect of any contract between the Exhibitors and such vendors for their negligence or default.
- Only the Official Freight Forwarder may be appointed where:
- Temporary import of goods under exhibition permit is required
  - Mechanical handling within the exhibition hall is required to move your exhibit/shipment in and out of the hall.
- Unless otherwise stated, Exhibitor may appoint their own Stand Contractor subject to the approval from Organiser. Exhibitor by appointing a Stand Contractor is responsible for his contractor's observance of all rules and regulations, and statutory obligations, and will be liable for any damage arising directly or indirectly from any infringement.
- Approved Stand Contractor will be required to submit detailed stand design drawing (elevations, layout plan and perspective view) to the Organiser 10 weeks before the show for approval
- Approved Stand Contractor must lodge a refundable deposit based on the contracted booth space as per information given on Form T2.
- This serves as a performance bond as well as damage deposit. This deposit will be refunded after any deduction for damages or performance failure.
- This is without prejudice to any additional claim the Organiser or venue management may have on the contractor if the damages exceed the deposit amount.
14. **Floor covering** - In accordance with the Organiser's buildup schedule:
- All stands must be carpeted or laid with some form of flooring as clear demarcation of contracted space.
  - Carpets and/or floor coverings must be affixed with double-sided tapes and must be removed during the dismantling period without any strain or damage to the existing flooring.
- Any delay of booth structures installation by the stand contractor will result in delay in electrical and utilities installation. Any consequential cost incurred will be charged to the Exhibitor.
15. **Design Restriction: Structural Height Restriction** – minimum permitted booth height is 2.44mH (8 ft). Any design for a structure exceeding 2.44mH must be submitted for approval at least 10 weeks prior to the exhibition buildup period and will be considered on a case-by-case basis
- Maximum booth height kept at 4mH**
- Note: Height above 4m requires approval on a case by case basis and PE endorsement on technical drawing is required to be submitted for approval.**
- Booth Boundary** – no structure, decoration, exhibit or display may extend beyond the contracted booth boundary.
- Bare Space** booths are required to provide partition walls between its own booth and the adjacent booths. This wall must have a minimum height of 2.44mH (height of modular exhibition system) inclusive of raised platform. It is the responsibility of the exhibitor constructing partition wall above 2.44m in height to paint all exposed rear surfaces of booth structures in **white** and without any branding or message on the reverse side.
- Open Frontages** – all stands in the exhibition, irrespective of height, must have at least half of any open frontage facing an aisle left open or fitted with transparent (clear see-through) material. This area must be left visibly free of obstruction.
- Structural Engineer Endorsement**  
Complex structures, structures above 4mH, double storey design, and/or rigging/hanging structures must be submitted with Structural/Professional Engineer endorsement to certify it is structural safe.
- Rigging/Hanging Banner/Structures**  
All rigging/hanging banner/structures are required to have a 1m clear distance from the adjacent booth and within the booth contracted boundary.
- The build-up schedule provided by the Organiser shall be observed considering the additional time require for these structures. These will be subject to **airspace fee charge of S\$300 per sqm** by the Organiser, on top of the **venue rigging fee (MBS Rigging Form 13A/B refers)**. Detailed technical drawing, with PE endorsement, is required to be submitted for approval by the Organiser and the venue.
- Double Storey Booths** - applicable for booth contracted ground area of 60 square metres and above, and to be considered on a case-by-case basis.
- The design, construction and tear-down of double storey booths are to comply with the guidelines, rules and regulations laid down by the relevant authorities including the Organiser and the venue management.
- Detailed technical drawing with Structural Engineer endorsement must be submitted to the Organiser for approval at least 3 months prior to the exhibition.
- The floor area of the Second Storey will be charged at 50% of the ground floor rate.
16. **Stand Cleaning** - During the show days, the Organiser will be responsible for the general cleaning of the exhibition flooring (**excluding Raw Space booth which is the responsibility of their appointed contractor**) daily. Exhibitors are responsible for their cleaning of exhibits and furnishing.
- During the buildup and dismantling periods, Exhibitors and/or their appointed contractors are responsible for the removal of stand material and construction debris on a daily basis. All aisles must be left clear and unobstructed as part of the fire safety requirement.
17. **Onsite Storage** - No storage is allowed in the exhibition hall. Direct arrangements should be made with your appointed freight forwarder for storage of crates and empties. Alternatively, exhibitors must arrange for their empties to be transported back to their own premises. The Organiser reserves the right to remove/dispose any carton, crates, empties and/or packing materials left in the hall, or behind the booth.

In the event of any dispute, the Organiser reserves the right to arbitrate. As the Organiser of the exhibition, their decision will be final.

**All Exhibitors and their appointed contractors & vendors must abide by the code of practices set by the Organiser, Venue Operator and the relevant Regulatory Authorities.**

Please submit your order well before the stipulated deadline. Any order received after the deadline will be subject to stock availability and a 30% late order surcharge after 20 May 2023. ## INTERNET SERVICES GENERAL INFORMATION

The network connection provided by Sands Event Services may be used only by the contracted corporation, its directors, officers, and employees, or guests when performing service for the company. **This service cannot be resold or distributed to any other company.** Users of the Sands Event Services network will put forth every effort to avoid unnecessary network traffic and interference with the usage of others. Users of the network shall not transmit any communication which violates any local law or regulation or is likely to offend other users on the network. All devices on the Sands Event Services network will be charged an access fee in the form of an additional IP address or a network package.

Sands Event Services makes no guarantee of the performance, routing, or throughput of any data circuit connected to the Internet outside the facility's own backbone. Please call +65 6688 3888 for assistance in planning your network.

Sands Event Services requires all devices using the network to be protected by updated virus software, Windows security updates, and any other technological precautions deemed necessary to protect yourself and other users from viruses, malicious programs, pop-ups, pop under, and other disruptive applications.

Any device which adversely impacts the Sands Event Services network will result in service interruption with or without prior notice to the user at the discretion of Sands Event Services. The device in question will remain disconnected until Sands Event Services personnel deem that all issues have been resolved. No discount or refund will be issued in these circumstances. Additional fee for problem diagnosis and resolution will apply.

### LIMITATIONS

VPN (Virtual Private Networks) may not work at lower-speed connections. VPN should work with dedicated Ethernet line, which is not behind a firewall and will require protection on the devices being connected to it. Sands Event Services does not support VPN software or VPN concentrator issues and does not guarantee its success.

Labour includes configuration of devices and any changes made to Sands Event Services equipment to enhance the exhibitor's network, running cable, tipping cable, or observing as the exhibitor makes changes to his own devices. No drivers or software will be loaded onto an exhibitor's device, and no hardware changes will be made to an exhibitor's device by a Sands Event Services Internet technician. If a hub is rented, it may be picked up at the service desk. Sands Event Services Internet will not deliver the hub to your booth. It is the customer's responsibility to be familiar with and understand their equipment if they chose to bring their own hub or switch. Technical assistance beyond the initial installation will be charged a labour rate. No refunds will be given if technical problems were encountered due to the use of customer-provided equipment, or customer's own computer settings in general.

Due to the unpredictable nature of the World Wide Web, Sands Event Services does not warrant that the services provided will meet the user's requirements or that the user's access to and use of the services will be uninterrupted. Sands Event Services cannot and does not guarantee the privacy, security, authenticity, or non-corruption of any information transmitted through the system from the Internet. If a situation occurs involving non-performance of services furnished by Sands Event Services, user's sole remedy shall be a refund of a pro-rata portion of the price paid for services which were not provided. No credit will be issued for periods of lost service for duration of less than eight hours.
